

CRITICAL HARMONYS

wait one minute... I have to say
this — Truly ugly babies can say words
that migrate past dynamic visions that
reinvent where we are going as a
human race —

critical Harmonys

critical Harmonys

critical

Harmonys

Its critical that we live in harmony
with the globe before we kill it — what
if the world decided it couldn't take
it anymore and decided to suicide it
self — what if? maybe mother earth is
depressed and needs a psychiatrist, us,
we need to talk to the planet better with
better ways so it doesn't end our days,

SYNTHESIS OF THE

light, freedom running naked in edam

smiling at anales while rainbows

discuss world views with you dictating

an understanding that trees hold the

answer to meditations that listen to dancing

keys that down-town-kung-fu-winners

could only breath on your left brains

percipitations of truth that homosapians

must get it that we have to rise to

the king dream of one day we must all

get along with the world as a place

we want to live in - critical harmonys

is a progress thought to anti-lava at
(Serious)

where we are going -
